

Website Accessibility Certification

The Office of Energy Infrastructure Safety is committed to making our website equally accessible for all visitors. The undersigned certify that, as of July 1, 2021, the internet website of the Office of Energy Infrastructure Safety is designed, developed and maintained to comply with applicable accessibility laws including California Government Code Sections 7405 and 11135, and the Web Content Accessibility Guidelines (WCAG).

We strive to maintain all information at applicable accessibility levels, but some content – including older documents, streaming video and archived materials – provides value to our website visitors but may not be fully accessible as of July 1, 2021. The Office of Energy Infrastructure Safety continues to work diligently to make that content accessible.

If you have difficulty accessing any material on our website, please contact us and we will correct the problem or work to provide the information in an alternative format. You can report web accessibility problems by sending an email to info@energysafety.ca.gov

Tim Garza

A handwritten signature in blue ink that reads "Tim Garza".
