

**CALIFORNIA UNDERGROUND FACILITIES
SAFE EXCAVATION BOARD**

Invites you to

**EARTHWORK AND
ROAD CONSTRUCTION EXCAVATION
STANDARDS WORKSHOP**

Join us to participate in a discussion on the development of excavation standards for your work

Wednesday July 21st, 2021

2-4 PM

LIVE WEBINAR WORKSHOP

Click here to [Register for the Workshop](#)

Share your best practices in grading, asphalt removal, road milling, Maintenance work, potholing, and communication in the 811 safe digging process to direct the Board's approach to these excavation standards.

See the Board website for further details:
