Adopted:	January 9, 2018	Resolution:	18-01-02
Revision:	January 13, 2020	Resolution:	20-01-02

The California Underground Facilities Safe Excavation Board improves public and worker safety by facilitating communication and learning among excavators and the operators of subsurface installations, by investigating accidents to determine their causes, and by developing solutions to improve safety outcomes. The California Underground Facilities Safe Excavation Board strives to be a model regulatory and investigatory board for other states to emulate.

Monitoring Method: Board  
Frequency: Triennial
