

# PG&E Internet Case Discovery

## How to Sign Up

You will need to complete the following steps to sign-up for discovery access:

1. **Go the Regulatory Cases Home Page:**
  - <http://www.pge.com/en/about/company/regulation/index.page>
2. **Register for a User Name and Password:**
  - Under the **Discovery Log In** click “Register” and complete the requested “Registration - User Information.”
    - **Note:** If you have previously registered for access to another case, skip to Step 3 “Request Access to Non-Confidential Discovery.” Once you complete the registration process, you can use the same user name and password to request access to other cases.
  - You will receive an email stating that your account has been created and how to set your password. However, at this point, you have not yet been enrolled to view discovery.
3. **Request Access to Non-Confidential Discovery:**
  - To log in, you must use the Log In button that is contained within the “Discovery Log In” box on the right-hand side of the page.
  - After logging in, click “Enroll” at the bottom of the page, under the “Account Services” header.
  - Follow the instructions on this page to enroll for discovery in a specific case. The case name is “**Wildfire Mitigation Plans R.18-10-007.**” This includes completing and submitting an [Internet Discovery Access Agreement](#).
  - You will receive an email confirmation when your registration is complete.
4. **Receive Your Email Confirmation and Begin Viewing Documents:**
  - Once PG&E receives your completed signed Agreement, PG&E’s Law Department will review your request. After the Law Department approves your request, PG&E will send you an email confirming that your registration is complete.
  - You may then log in with your user name and password and begin viewing data requests and responses.
