**ADVICE 4341-E**  
**(U 338-E)**

PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA  
ENERGY DIVISION

**SUBJECT:** Southern California Edison Company's Vegetation  
Management Revenue Requirements Pursuant to California  
Public Utilities Code § 8386.3(d)

**PURPOSE**

Southern California Edison Company (SCE) hereby submits this Tier 1 Advice Letter (AL) as notification to the California Public Utilities Commission (Commission) that it has incurred costs exceeding its forecast of costs for vegetation management in its 2020-2022 Wildfire Mitigation Plan (WMP). This AL complies with the provisions of California Public Utilities Code (PUC) Section 8386.3(d), established by California Senate Bill (SB) 247.

**BACKGROUND**

Governor Newsom signed SB 247 into law on October 2, 2019. SB 247 amended PUC Section 8386.3 and provides, in relevant part, "An electrical corporation shall notify the commission by advice letter of the date when it projects that it will have spent, or incurred obligations to spend, its entire annual revenue requirement for vegetation management in its wildfire mitigation plan not less than 30 days before that date."

**DISCUSSION**

Although Section 8386.3(d) references an "annual revenue requirement for vegetation management in its wildfire mitigation plan," SCE does not have such an approved annual revenue requirement for all vegetation management activities in its WMP. SCE has been tracking the incremental costs of the vegetation management activities detailed in its 2020 WMP vegetation management costs in various Commission-authorized memorandum accounts, including but not limited to the Wildfire Mitigation Plan Memorandum and Fire Hazard Prevention Memorandum Accounts. In its WMP submitted in February 2020, SCE forecasted approximately \$198.5 million in costs for these activities. In the spirit of PUC Section 8386.3, SCE is informing the Commission

that it has incurred costs for the vegetation management in its WMP collectively over this amount.

### **TIER DESIGNATION**

Pursuant to General Order (GO) 96-B, Energy Industry Rule 5.1, this AL is submitted with a Tier 1 designation.

### **EFFECTIVE DATE**

SCE respectfully requests that this AL become effective November 13, 2020, which is the same date as submitted.

### **NOTICE**

Anyone wishing to protest this AL may do so by letter via U.S. Mail, facsimile, or electronically, any of which must be received no later than 20 days after the date of this advice letter. Protests should be submitted to:
