Re: Comments concerning Proceeding R. 18-10-007 Wildfire Mitigation Plans

To whom it may concern:

This letter serves to convey comments from the City of Colton regarding SB 901 (Dodd), specifically as it relates to the Wildfire Mitigation Plans.

The City of Colton has two areas identified as High Fire Hazard Areas by Cal-Fire. These areas include Reche Canyon and La Loma Hills in Colton. Fire in these two areas require significant resources to extinguish and disrupt City operations, residents, and businesses.

The City of Colton would recommend the following:

- Any plan be shared with and receive input from the Operational Area (OA) of a County through the County Fire Chief's Association or similar organization that includes representatives of fire departments in that OA and input from the OA Coordinator.

Thank you,

William R. Smith
City Manager
